

Georgia Partnership for Transportation Quality

Charter

The Georgia Partnership for Transportation Quality (GPTQ) is composed of highly motivated individuals representing a wide range of public and industry interests in the transportation arena in the Georgia transportation community. The vision, mission and goals of the GPTQ are as follows:

| <i>Vision</i> | <i>Mission</i> |
|---|--|
| Keep Georgia Moving with Quality Transportation | This initiative is committed to satisfying the transportation user by providing a durable, smooth, safe, aesthetically pleasing, environmentally sensitive, efficient and economical transportation system, in balance with other modes of transportation. This initiative shall be a statewide effort with full cooperation of all stakeholders including Federal, state and local agencies, construction industry, consultants, utility industry and academia. |

- Goals*
- Improve long-term performance and durability of Georgia's transportation system
 - Provide a forum to facilitate the exchange of best in field practices
 - Continuously improve GDOT's products, processes, and projects
 - Recognize and showcase quality achievement by the Partnership

The development and preservation of a high-quality transportation system requires a close partnership between all stakeholders; therefore, the undersigned organizations have cooperatively developed this charter and will strive to fulfill its goals.

In witness whereof, this Charter is signed by the representatives of the Georgia Partnership for Transportation Quality Steering Committee on this the 9th day of November 2004:

| | | | |
